

# PLANES DE ESTUDIO

## TC2009

# Use and Management of Operating Systems

SPANISH

**CIP:** 110101 Computer and Information Sciences,  
General.

**C-L-U:** 3-0-8

Academic department that offers it:  
Computer Technologies

Graduate Programs who offer them:  
5 INT09, 7 LATI08, 6 ITIC05, 5 LATI05, 6 LATI11, 5 INT11, 5 LSCA05  
Certificates

Requirement:  
(TC1004 or TC1016 )

Equivalence:  
CB00871

General aim of the course:  
At the end of the course, the student will be able to administer and evaluate operating systems, as well as manage services.

Teaching and learning techniques:  
Problem-based Learning

Bibliography:  
TEXT BOOKS:  
\* Deitel, Harvey M., Operating systems, 3rd ed., Massachusetts : Upper Saddle River, NJ : Pearson/Prentice Hall, 1980,  
c1979, eng, 0131828274 0131246968  
\* Schiesser, Rich., IT Systems management, New Jersey : Upper Saddle River, NJ : Prentice Hall, eng, 013087678X

Professor´s profile:  
Master Degree in Computer/Information Technology Services Administration and Management; Master Degree in Computational Sciences; Master Degree in Computer/Information Sciences; Master Degree in Information Technology.; Doctoral Degree in Computer/Information Technology Services Administration and Management; Doctoral Degree in Computational Sciences; Doctoral Degree in Computer/Information Sciences; Doctoral Degree in Information Technology.  
**CIP:** 111099, 110701, 110101, 110103

Language of Instruction:
